Golden Arrow Pullman Service 2008

Lilian

Lilian was built in 1928 and used initially on the Queen of Scots service. Unlike most Pullmans which were placed in storage during the war, this car continued in service with the LNER between 1942 and 1946. It was last used in the 'Bournemouth Belle' in 1976. She is an all steel parlour third now named after our president's wife.

Fingall

Fingall was built in 1924 for the White Pullman (Golden Arrow from 1929) and reappeared in the Golden Arrow after its war time suspension. The Bluebell Railway purchased the near derelict Fingall in 1979. It now runs again thanks to thousands of hours of painstaking work by Bluebell volunteers.

Christine

Built in 1928 Christine was originally built for use on the London Harwich boat trains as a restaurant car. In the 1960's the carriage became a regular performer on the Southern's 'Bournemouth Belle'. This parlour third has recently been completely refurbished including major structural repairs and is now fully restored to as near as possible its 1920's condition.
